Dear Members of the Code4Lib Community,

On behalf of The Ohio State University Libraries, we wish to express our enthusiastic support for the Code4Lib community by co-hosting the 2009 meeting in Columbus, Ohio.

The makeup of the host city committee demonstrates the continued partnership between the OSU Libraries, the Columbus Metropolitan Library, OCLC, and OhioLink. We feel that as a group, we are uniquely qualified to host an event for library technologists to gather, share ideas, forge collaborations, and return home inspired.

The OSU Libraries will provide work release time to any of its staff expressing a desire to help with the host committee or to attend the event. Additionally, the Libraries will contribute \$1000 to help offset costs of hosting the event.

We look forward to the opportunity to welcome you to Columbus for Code4Lib 2009.

Sincerely,

A handwritten signature in black ink that reads "Joseph J. Branin".
